**Welcome Remarks by Y.Bhg Datuk Seri Amin Nordin bin Abdul Aziz  
Mayor of Kuala Lumpur**

Assalamualaikum Warahmatullahi Wabarakatuh

On behalf of Kuala Lumpur, we welcome all 35,000 runners taking part in the Standard Chartered KL Marathon.

The Marathon has been an iconic event which has helped put Kuala Lumpur on the world map. We are very happy that so many have taken the opportunity to see the city in a unique way as the route takes runners all around iconic landmarks with a breathtaking view of the city.

As such, we are pleased to have been co-organisers with Dirigo Events for the last eight years to deliver a great experience for runners and showcasing the beauty of Kuala Lumpur.

Playing host to one of the most iconic races in Malaysia has also been encouraging as we do see more citizens practicing healthier lifestyles and as a city, we are also constantly evolving to accommodate to these lifestyles.

Among those initiatives is our “KL Car Free Morning” hosted on the first and third Sunday of every month, which is free to anyone who wish to cycle, run and skate in the city. We are developing more bicycle lanes throughout the city to encourage more people to cycle.

For those who have yet to take advantage of those initiatives, I encourage you to do so and we hope to see you soon!

I would also like to take the opportunity to thank event owner and organiser, Dirigo Events, title sponsor Standard Chartered Bank Malaysia, the traffic police, medical personnel and the 3,000 volunteers for the hard work in the making of Standard Chartered KL Marathon.

I wish all runners good luck and have a great race day!

To our international visitors, Selamat Datang ke Kuala Lumpur and we hope you will enjoy your stay here!

Thank you.

**Welcome Remarks by Mahendra Gursahani  
Managing Director and Chief Executive Officer  
Standard Chartered Bank Malaysia**

Welcome to the Standard Chartered KL Marathon 2016.

We are proud to see that the marathon has grown to become Malaysia's most anticipated running event, attracting more than 35,000 runners from over 50 countries including Malaysia in its eighth instalment.

Our continued sponsorship of the marathon is built on our belief in promoting a healthy lifestyle and enabling ordinary people to do extraordinary things. Whether as a runner, volunteer or donor, people from all walks of life can be a part of this phenomenal race.

The community engagement element as embodied in 'Run for a Reason' is an integral part of the marathon each year. More than RM3 million has been raised for charity in the past 7 years. Through the Standard Chartered Foundation, we have also provided a platform for children with autism and the visually impaired to take part in the race.

My sincere thanks to our partners, officials and community for making the Standard Chartered KL Marathon possible again. Once a year we get this opportunity to experience the city of Kuala Lumpur in a different light. I hope you will enjoy every minute of your run and good luck!

**Welcome Remarks by Yang Berbahagia Dato' Karim Ibrahim  
President of Malaysia Athletics Federation**

It is with great pleasure that the Malaysia Athletics Federation welcome all participants of the Standard Chartered KL Marathon 2016.

This year, it will be exciting to see the new checkpoint system and cut-off point come into play, further elevating the standards of the marathon itself. Some runners will find the new system difficult to navigate while some will use it to challenge themselves. Either way, all will agree that a new standard of running would have been set.

Once again, my gratitude and full support goes out to Dirigo Events Sdn. Bhd. and their tireless efforts in ensuring the success of the marathon. It is my hope that the Standard Chartered KL Marathon will continue to pave the way and continue to set standards in distance running events.

Congratulations to the organising committee, crew, officials, police personnel, medical practitioners, sponsors, partners, volunteers. To all the runners, congratulations on a fantastic run and keeping the spirit of distance running alive and to visitors from near and far, welcome to Malaysia and hope you have a pleasant stay.

**Welcome Remarks by Rainer Biemans**  
**Director of Dirigo Events**  
**Event owner and organiser of the Standard Chartered KL Marathon**

The team and I have been humbled by the amazing show of support by runners from all around the world. We are looking forward to seeing you and 35,000 others when we flag off in the morning.

Year on year, I am always energised by the individuals taking part in the race and often think about the hard work, and discipline to get ready for the Standard Chartered KL Marathon. We have always seen the Marathon as a platform for people looking to push the limits of their physical and mental capabilities.

The stage is set for runners to unleash their full potential, and we hope you take note of all facilities, start-times, and plan your journey ahead to have a great race day. We are looking forward to creating amazing and enjoyable moments together with you as you cross the finish line!

To create this moment, I would like to thank the team, our title sponsor, Standard Chartered Bank Malaysia, our gold sponsor, Honda Malaysia and all our official partners and suppliers. Your support has been vital in getting the Marathon off the road.

I would also like to thank everybody who has been working tirelessly behind the scenes to make it all happen.

And finally I would like to say;

**To all returning runners, welcome back!**

**To all new runners, have a great race!**

**To all international runners, selamat datang ke Kuala Lumpur! (Welcome to Kuala Lumpur!)**

**Once again, from the bottom of our hearts, we thank you and have a good time!**

## RACE FACTS > RUN FOR A REASON

### RUN FOR A REASON

Standard Chartered KL Marathon is making a conscious effort to help raise funds for many of Malaysia's charities, so we can focus on what we do best - caring for and serving the less fortunate.

Our initiative is a community effort and cannot be successful without the support of runners, corporations, media and other organisations. Through this the Standard Chartered KL Marathon is taking a step forward to become a true community event and helping the less fortunate across all ages and ethnicities. The target groups include underprivileged communities with disabilities and environmental topics.

The money that is raised will be channelled to the respective charities in its entirety and we are proud to truly be, "a Race with a Heart".

On behalf of all our charity partners, thank you from the bottom of our hearts.

## RUNNER'S INFORMATION > TIMING DEVICE

At the Standard Chartered KL Marathon 2016, the MYLAPS BibTag system will be used to time your race.

The BibTag is a single tag attached to the back of your bib.

At every timing point, (start, splits and finish) detection mats will be on the ground to measure your time.

The BibTag makes timing very easy for you. All you have to do is correctly wear your bib (visible on your chest).

The BibTag timing device is disposable and does not need to be returned after your race.

### **Tips for a guaranteed correct timing:**

- Wear the bib number visibly on the chest of your running vest. Do not cover the bib number with your jacket or with your hands while crossing the mats at the start, splits or finish line. These mats receive the signal from your BibTag by direct line of sight, so nothing should be placed in between your bib and the mat.
- Do not fold or crumple your bib number, especially not the BibTag.
- Use four pins on the corners of the bib number, do not pierce the BibTag.
- Do not remove the foam spacer. The foam is needed to give you an accurate time.

The BibTags do not have to be returned after the race, you can keep the bib with the BibTag as a souvenir or it can be thrown away with the regular waste.

### **About MYLAPS**

Automatic sports timing was invented over 30 years ago by the founders of MYLAPS Sports Timing. Since then we have become the worldwide market leader in sports timing and scoring. With a wide range of timing system, we have a timing solution for all sports where time determines the performance.

## RUNNER'S INFORMATION > BAGGAGE SERVICE

Please ensure that your belongings are kept in the Standard Chartered KL Marathon 2016 event bags. **For security reasons, all contents of your bag will be deposited into a clear plastic bag prior to baggage handling.** The clear plastic bags will be available at the baggage collection counters.

- Please be aware that queuing time for bag collection may take up to 45 minutes.

### TERMS AND CONDITIONS

- Runners deposit their bags at their own risk. The organisers will not be held liable for any loss and/or damage, whether personal or otherwise, to any items deposited at the baggage collection counters.
- The organisers reserve the right to examine contents of any bags deposited at the baggage collection counters.

## RUNNER'S INFORMATION > RACE DAY HEALTH

### PRE-RACE TIPS

- Eat well throughout the entire day before Race Day. Low fibre and compact sugar foods like carbohydrates are recommended.
- You may even like to use liquid meal supplements that are low in residue, leaving you with an empty stomach to race light.
- Keep yourself hydrated by drinking lots of water.
- Do not attempt to change your sleeping pattern. You will be excited, so rest early and relax your body.

### RACE DAY TIPS

- Get there early and do a head-to-toe warm up before the race.
- Start at a pace you can keep. It's better to hold back and finish stronger than struggle in the later stages.
- If you feel any discomfort 10 – 20 minutes into the race, walk for a few minutes and take deep breaths until you feel ready to continue running.
- For those running the Full or Half Marathon, it is advisable that you drink water and isotonic drink at the 20km mark to replenish your blood sugar and electrolytes.
- Don't be afraid to stop, walk or drink. Many finish by doing all three. If you have to walk, keep to the left and do not obstruct other runners.
- If overtaking, please call out politely, "overtaking on your right".
- If you feel unwell at any stage, go to the medical aid stations or approach the Course Officials. Remember, SAFETY FIRST! No one knows how you feel better than yourself.

### FINISHING THE RACE

- Savour the moment and cross the line with a winning smile.
- Finish in your specific lane.
- Don't crowd at the finish line as it obstructs other runners about to finish.
- Have a good stretch and cool-down.
- Queue in an orderly manner to collect your well-deserved finisher's medal and other entitlements.
- Change into dry clothes and slip into your most comfortable footwear.

### POST RACE TIPS

- Make sure to drink water and eat a light snack.
- It is acceptable to receive a massage but avoid partaking in any activities in which you are exposed to heat for an extended period of time (i.e. sitting in a hot bath or sauna).
- 24 hours after the race, it is recommended that you jog for 20 minutes as this will help stimulate muscle recovery. If you experience unusual pain or discomfort during or after the race, consult a physician.

The Organising Committee of the Standard Chartered KL Marathon 2016 has its primary focus on the health, safety and well-being of its runners. It is important to remember that the medical provisions are retrospective. i.e., they only respond when a runner is in trouble. Prevention is better than cure and the prevention of problems lie solely in your hands.

We strongly recommend all runners to get a medical check-up before running. This is to ensure that you are in good shape to run. The following is a list of questions you should ask yourselves;

1. Has your doctor ever warned you that you have “heart issues” or that you should only be physically active or do sports under medical supervision?
2. Are you overweight or underweight?
3. During blood pressure monitoring, have you ever recorded high blood pressure?
4. Have you ever been diagnosed with high cholesterol?
5. Do you smoke or have you smoked extensively in the past?
6. Has anyone in your direct family ever suffered from high blood pressure, calcification of the coronary blood vessels/heart attack, blood sugar disease or stroke?
7. Do you have diabetes?
8. In the past few months, have you had the sensation of a ‘racing heart’, problems breathing or chest pains, whether while at rest or during physical activity?
9. Are you taking any medication for high blood pressure, heart or breathing conditions?
10. Do you ever feel dizzy or pass out, whether at rest or during physical activity?
11. Do you have any problems with your musculoskeletal system, which worsen during physical activity?
12. Are you physically and mentally prepared for the run that you are about to embark on?

Remember, any of these symptoms could be indicative of a more serious underlying medical problem. The most important thing you can do is to Listen To Your Body. If you develop unusual symptoms either before or during your run such as chest pains, dizziness, nausea, unusual shortness of breath, change in your running style, confusion and disorientation, stop running and seek medical attention.

### ON THE ROUTE

Medical Aid stations are located every 2 km after the first 4 kilometers for the Full Marathon and Honda Half Marathon routes. For the 10km route, Medical Aid stations are located every 2 km after the first 3 kilometers. On the 5km route, a Medical Aid station is located at the 3 km point. A Medical Centre is also available at the Finish Area. Emergency Response Vehicles will be located along the routes. For medical attention, please report to an aid station or ask a race marshal for assistance. Do take every advantage of the refreshment stations located along the routes and replenish your electrolytes and avoid dehydration.

### ADDITIONAL SECURITY

Security control measures will be implemented at all access points to Dataran Merdeka. You may be asked to reveal the contents of your baggage at these points. Do plan to arrive earlier than usual in order to avoid any inconveniences.

## RUNNER'S INFORMATION > RACE SAFETY AND ETIQUETTE

As we strive to provide a safe and enjoyable experience for everybody, please be mindful of some common race etiquette;

- The use of iPods and MP3 players is discouraged in the interest of safety of all participants.
- Always follow the instructions of the race officials and medical officers.
- Run in the starting pen/block that you have selected.
- Do not stop or change directions suddenly.
- If you need to slow down or walk, keep to the left of the road and allow runners to pass you on the right.
- While every precaution has been taken to maintain running routes free of vehicular traffic, it is advisable to always be alert of your surroundings, watch out for errant motorists and alert each other if you notice any imminent danger.
- If you are overtaking a slower runner, call out politely, "overtaking on your right".

### REMEMBER

- DRINK enough water.
- EAT if necessary.
- DO NOT RUN if you are not fit enough or properly prepared.
- DO NOT RUN if you have been sick or on antibiotics in the 3 weeks prior to the race.
- DO NOT MEDICATE during the race.
